July 28 2020

To our valued customers and business partners,

Klein Products, Inc. continues to monitor the evolving situation of the virus that causes the disease named COVID-19. We have implemented and adjusted as required, preventative measures and have followed the recommendations of the Centers for Disease Control and Prevention (CDC) and our state & local Departments of Public Health as promptly as they have been made available. Our priority during this period of uncertainty is the health and safety of our employees, customers, business partners and the community.

All business operations are open, and we are servicing our valued customers and business partners.

We will actively monitor the latest developments and follow the guidelines set forth by the authorities. As the situation evolves, we may need to make changes to our operations or services that we provide. Our web site, [kleinproducts.com](http://kleinproducts.com), and our social media presence will be updated regularly with any adjustments or changes that may affect our Klein customer and business partner base.

Thank you,

Barry McManus  
President  
Klein Products, Inc.
